Ava's Background and Online Presence:

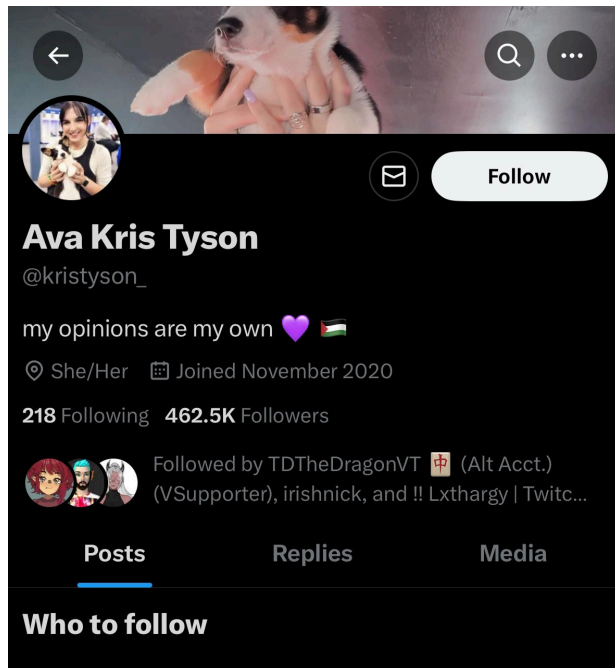

Ava “Kris” Tyson is a massively known YouTuber, primarily as a collaborator and creator along with international Youtube creator Mr. Beast.

Ava was born July 1, 1996.

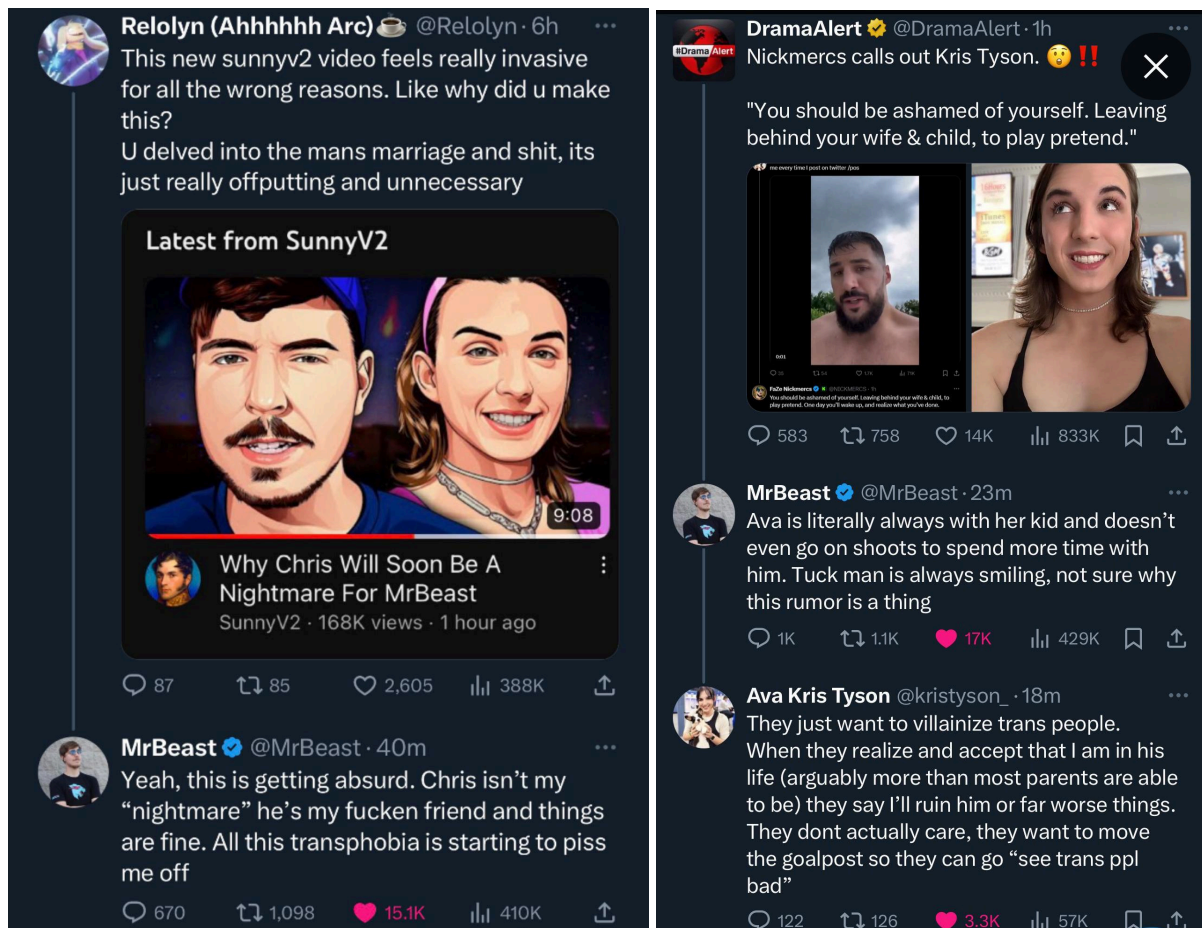

She is 28 years old as of this story going viral on both X and YouTube.

In Ava’s X bio, “She/Her” are listed as her pronouns, therefore such will be used.

Ava's Coming Out:

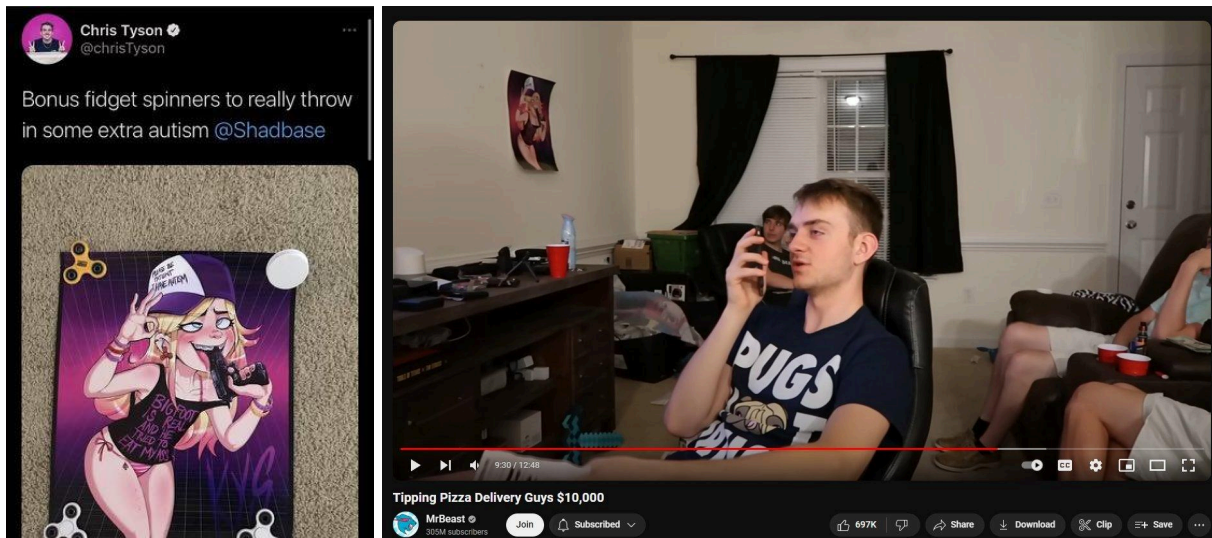

Ava Kris came out saying “I am a woman” in July of 2023. The internet seemed torn in half over her public announcement. Some degraded Ava and her identity as selfish, putting “fantasies” or “fetishes” as her top priority. Some supported Ava’s coming out, including Mr. Beast, reminding people that transgender lives are important, or even viewing her as a new-age trans icon. Regardless, this had stirred up a lot of hatred, trolling, and controversy around Ava, and transgender people as a whole.

What are the allegations?

Ava was found to be a long term fan and supporter of disgraced creator Shadman. Shadman is a Swiss CP/pornography and suggestive artist. He was expelled from university, and deemed a “menace to society” for creating pornographic art of minors, which is considered “highly illegal.” Shadman then fled the country and turned to the internet to post his work hoping to find his audience; and he did. He did highly detailed, often graphic illustrations and comics of both fictional and real life minors, including KEEMSTAR’s seven year old daughter. For many years, Ava had various Twitter interactions with Shadman, including directly asking him through a Twitter comment to draw a minor character explicitly, and purchasing a piece of artwork to display in her room at the time.

Ava Kris and LavaGS:

Ava was found to be having a long term, rather suggestive “friendship” with LavaGS, who will be referred to as Lava in this document. They mostly interacted through Twitter, SnapChat, and Discord.

Ava had met Lava back when she presented as Chris. Ava was 20 and in college, Lava was 13 and in middle school. The relationship started as a fan-creator dynamic of both Mr.Beast and Ava Kris, but Ava began to spend much of her time interacting rather suggestively with Lava, who went along with what he considers edgy banter. Mr.Beast has shown to have very few interactions with Lava all together. This was done many times in a Discord server and messages, through Twitter comments and messages, through Snapchat messages and photos, Lava subscribed to Ava’s Patreon saying she would release her nudes and has sexual banter about it, “jokingly” suggesting she would share nude pictures with Lava if he paid the full price, meeting Lava in person, and taking a camper vehicle with him to a secluded location. These events, with likely more behind the scenes, and now more that has been erased (Ava deleted all her tweets), happened over a several year long period. As of July 2024, Lava is 20 years old; 7 years since initially meeting Ava. Lava has tweeted that all the videos posted about Ava and him are lies, claiming he was not a victim of any unwanted advances from Ava Kris. The response to his tweet was primarily sympathy, though many tried to convince Lava that he is in denial, and are worried for his well being. Knowing Ava’s history with Shadman and her enjoyment of sexually illustrated minors, her persistence with Lava can be seen as one with a deeper, more disturbing motive. Regardless, if someone does not believe they are a victim, it is not in anyone else’s place to force someone to feel or view something differently.

The Initial Response:

The biggest backlash came from the Anti-Trans Far Right. Many have linked Ava's transgender identity to their fantasies of minors. Anti-Queer people have consistently tried to equate being gay/trans with being a pedophile and being highly explicit in nature. It is crucial to understand that Ava Kris was behaving this way for many years prior to her coming out, or even beginning to explore her identity all together. Being queer does not make you a pedophile or a predator, it does not make you gross, and it's not a choice.

An unexpected consequence was that Ava, as a hugely known openly transgender woman on the internet, disappointed so many queer viewers. Many cheered for Ava Kris for coming out and uprooting everything she ever knew, in order to create a happier and safer place for her and her family. It seemed like the transphobia, the trolling, and the hate were subduing when she was hit with an allegation that has now taken the internet within hours. Except this time, there is no defending her.

It is clear that Ava has crossed a wildly inappropriate line in supporting creators and artworks from the likes of Shadman, all while deeply pursuing a suggestive friendship with 14 year old Lava. While Lava claims they were "edgy jokes," any sexual conversation with a minor is hugely problematic, and unacceptable. One person put it quite clearly:

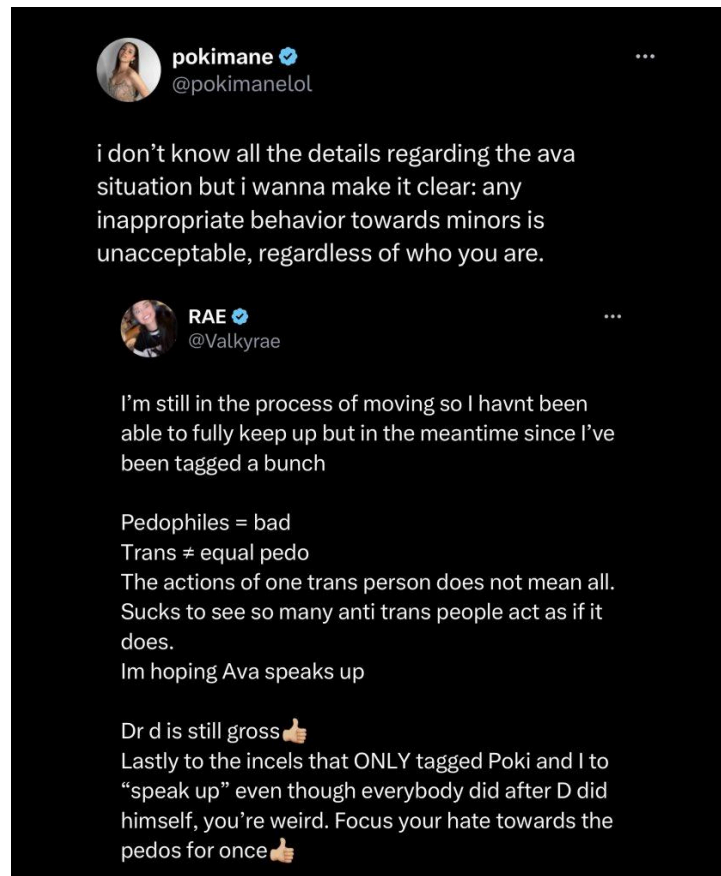

The damning part is "you were proof I could persist"... Honestly, it's heartbreaking.

Sneako had his own way of calling people out, he put Pokimane and more other streamers on the spot for not yet speaking out about Ava, while having no problem expressing their disgust for recent disgraced creator Dr.Disrepect, who was allegedly having similar behaviour with a fan of his own. Many people are afraid to speak out against Ava because she is transgender, and they don't want to poke the Woke Bear.

Ava Kris Tyson is a representative of herself and herself alone.

Please do not let her actions affect your views of an entire people.

I'm sick of all these pseudo-famous people being outed for this shit.

What the fuck is wrong with you all.

Can't control one's feelings so, oh well. It's illogical to dislike a whole group because of one persons shenanigans as seen with men and stuff. Regardless, I'll treat those people god if they happen to be my guests. Hurrah, I suppose.

MrBeast co-star Chris (**Kris/Ava**) Tyson deleted all of his X posts shortly before it was revealed that he allegedly had sexual conversations with a minor while he was an adult.

Transgenderism isn't changing genders, it's the acceptance of perversion. It's used by people like Chris to try and escape some hidden shame (most often abuses like this) from their past. It never works because you can't get rid of shame by heaping on more shame. It makes everything worse and only ends in destruction of body and self.

Ava Kris Tyson has been outed as a pedophile and a creep, with a sufficient amount of evidence.

She was such a big voice in the trans community and let us all down, shat she did was disgusting and unforgivable.

No apology from her can rectify what she did in my eyes

after everything's revealed abt **ava kris** tyson, please for the love of god don't use this as an excuse to be a dckbag transphobe.

everyone can be whatever as long as you're happy with your identity and I respect that. just don't be a fucking creep.

Sophie 🏳️💖 @stxrrysophie · 18h

My level of disappointment is so high it's immeasurable.

Ava Kris Tyson, one of the most relevant trans people of the modern day, a friend of MrBeast for a long time, is basically a pedophile.

Really doesn't help with the right wing idea that all trans people are groomers.
